

HELP FOR CUBA FROM UNCLE SAM

The President Sends in His Message Today.

ASKS CONGRESS TO EXTEND ASSISTANCE.

Seeks to Have Fifty Thousand Dollars Appropriated With Which to Buy Supplies to Aid the Starving People on the Island—Resolution to That Effect is Reported Back By the Committee and Passed By the Senate This Morning.

Washington, May 17.—The president's message called attention to the destitute condition of American citizens in Cuba, and recommends an appropriation of \$50,000 for their relief. A resolution to this effect was reported back by the committee and passed the senate at once.

The house, on an objection by Mr. Bailey, Texas, referred it. Mr. Bailey wanted the Morgan senate resolution recognizing the Cubans as belligerents attached. Mr. Dingley objected and it was referred.

Washington, May 17.—The house leaders have not yet decided upon the methods by which they will make their response to the president's message, which it is expected will be sent to congress asking for relief for the starving Americans in Cuba. The most likely course in the house will await the action of the senate, if action is had promptly, and then consider the senate bill or joint resolution under a special order. The sentiment in favor of the recognition of the Cuban insurgents is strong in the house, and a very radical measure might be passed if the house were allowed free action. With a senate measure, dealing only with the question of the relief of the suffering Americans, before the house under a special order, possibility of amendment would be cut off and the house would be compelled to accept or reject it as passed by the senate.

In the senate Senator Morgan's joint resolution occupies the favored place on the calendar, and there is little doubt that it will be taken up at the appointed hour. Still there is a slight possibility that the expected message of the president may cause a postponement and that the character of his recommendations may have a bearing that will influence the tenor of the resolution that ultimately will be adopted. There is little or no doubt that the Morgan resolution will pass when a vote is reached, and the indications are that the majority for it will be the greater for the recent delay. There will continue to be some opposition, and the plea will be made that any material aid given in accordance with executive recommendation is all that can be reasonably expected.

Late last night it was announced that the president had not yet decided whether he will send a message to congress on the Cuban situation. He still has the matter under consideration.

THE PRESBYTERIAN ASSEMBLY

Annual Sessions to Begin May 30 at Eagle Lake, Ind.

Philadelphia, Pa., May 17.—The one hundred and ninth assembly of the Presbyterian church in the United States will meet at Winona assembly grounds at Eagle Lake, Ind., May 20, 1897, and will probably continue in session until May 31. The assembly will be composed of about 600 delegates, one-half of them ministers and the other half ruling elders, representing 7,573 congregations, 6,942 ministers and 943,716 members.

The contributions for congregational expenses for the year 1896 were \$10,413.75, and the contributions for missionary and other benevolent purposes \$3,643.230.

With regard to the moderatorship of this assembly, it is stated that the candidates for the office thus far announced are the Rev. Henry C. Minton, San Francisco; the Rev. Robert F. Sample, New York; the Rev. Sheldon Jackson and John Wanamaker of Philadelphia. A number of men have thought of nominating ex-President Harrison, but he has declined the honor on the ground that he could not give the necessary time to the duties of the office. A layman has never yet filled the position, and there are many persons who doubt if the constitution of the Presbyterian church will permit any other than a minister to occupy the highest office in the church.

Lightning at a Funeral.

Waco, Texas, May 17.—The obsequies of the late ex-Senator Richard Coke were solemn and impressive. The pallbearers were of the most distinguished men of Texas. Just as the casket was being lowered into the grave, a bolt of lightning struck a tree near by, knocking ex-Governor Hubbard, one of the pallbearers, to his knees, and shocking ex-Governor Ross and a number of others severely. A number of teams ran away and there came near being a tragedy to end the sad occasion.

DAILY BASE BALL REPORT.

Percentage of the Clubs in the Various Leagues.

Chicago reverted to one-run defeats yesterday and lost in spite of perfect fielding. Brooklyn, too, played without an error. Baltimore won from St. Louis and Cincinnati took a little more ambition out of Louisville. Cleveland and Washington attempted to play in spite of Sunday laws, but were arrested at the end of the first inning. Standing of the clubs:

	Won.	Lost.	P. C.

Causes Panic in Havana.

Havana, May 17.—The decision of the government against the exchanging of bank bills for silver coin has caused a panic. Prices of bread, milk and other necessities of life have doubled within the last few days. The working classes, as well as all government employees, both civil and military, openly express their dissatisfaction with the action of the government in paying them in scrip which is 90 per cent below par. It is believed the government will no longer accept paper money in payment of taxes. In that event a further depreciation of the paper money may be expected.

Lowelling Says He Will Resign.

Wichita, Kas., May 17.—The populists of this county held a mass convention here for the purpose of interrogating Senator Lowelling and the representatives in the last legislature on maximum freight rate legislation. The last legislature was scored unmercifully in some of the speeches and in nearly all of them Senator Lowelling became the target for reproach. Lowelling made a strong defense and stated voluntarily that he would resign the office of senator before the next election.

Preston Thornton's Rash Act.

Louisville, Ky., May 17.—Preston Thornton, a member of one of the most prominent families in the state and the south, lies at the home of Milton H. Smith, president of the Louisville & Nashville railroad, in Fourth avenue, this city, suffering from a self-inflicted and possibly mortal wound in the chest. He made an attempt upon his life Sunday afternoon. An unfortunate love affair was the cause.

Couple Murdered and Robbed.

Howard Lake, Minn., May 17.—Mr. and Mrs. W. T. Boxell, who lived in the country near this place, were murdered and robbed of \$400 Saturday night. The instrument of death was an ax, which was found in the yard, covered with blood. There is no clew to the murderers.

Bayard in New York.

New York, May 17.—Thomas F. Bayard, ex-ambassador of the United States to Great Britain, arrived Saturday on board the steamship St. Paul from Southampton.

TERMS OF PEACE UNDER DISCUSSION

HEAVY INDEMNITY DEMANDED FROM GREECE.

Cession of the Province of Thessaly and the Payment of \$10,000,000 Is Announced as the Price—Powers Are Surprised—Planning to Capture Domokos.

Constantinople, May 17.—The porte has replied officially to the note of the powers, and declines to agree to an armistice until the following conditions are accepted: The annexation of Thessaly, an indemnity of \$10,000,000 Turkish, and the abolition of the capitulations. The porte proposes that plenipotentiaries of the powers should meet at Pharsala to discuss the terms of peace, and declares that if these conditions are declined the Turkish army will continue to advance.

The demand for the annexation of Thessaly is based upon the fact that the province was originally ceded to Greece on the advice of the powers, with the object of ending brigandage and Greek incursions into Ottoman territory, the porte believing at the time that the cession would obtain these results, but the recent incursions of Greek bands and the events immediately preceding the war have proved to the contrary. This is the substance of the reply.

The ambassadors met to consider the porte's answer, which is regarded as raising an extremely grave issue. It is believed that representations will be made to the sultan personally to induce a modification of these terms, but it is foreseen that this will be very difficult, owing to the attitude of the powerful old Turk war party.

If the porte should prove obdurate, a European conference is not improbable, although at present Russia is opposed to this.

It is regarded as quite certain that the powers will not consent to a retrocession of Thessaly. Even Germany is believed to be resolute on this point, because it would involve a violation of the Berlin treaty and imperil the peace of the Balkans. Altogether the reply of the porte has caused the greatest surprise.

Planning to Capture Domokos.

Larissa, May 17.—Edhem Pasha's plans for the capture of Domokos are being rapidly perfected. Reinforcements are arriving and all the Greek positions are carefully watched. The condition of the roads and the heavy rains delay the operations for which the Turkish officers are anxiously waiting, but the general advance began at dawn.

Greeks On the Defensive.

Athens, May 17.—The Greek army in Epirus has been compelled to fall back to Arta, but continues to occupy a few positions beyond the bridge. The Greek losses at Griboro were 558 killed and wounded, thirty-three being officers. It is stated that the government has ordered the forces in Thessaly and Epirus to remain strictly on the defensive.

A BIG STRIKE IS DECLARED.

Brotherhood of Tailors of New York Decides to Quit Work.

New York, May 17.—The Brotherhood of Tailors, with a membership of over 30,000, has decided to strike. The committee notified all members employed in Greater New York and nearby places in New Jersey. A strong effort was made by the leaders to prevent the strike at this time, but without avail. Although the strikers have not yet drawn up their demands, it is known that an advance of wages and the abolition of the task system are sought by the tailors. They claim that, notwithstanding the fact that they are at work from early in the morning and continue until late at night, under the low scales of pay they are unable to support themselves or their families. It is claimed that if they had not been held in check for months by the members of the executive committee, the operators would have been "called out" when it was found impossible to live under the existing scale.

Boiler Explosion Causes Death.

Glasgow, Ky., May 17.—As a result of a boiler explosion at Ward's saw and grist mill, in Metcalfe county, J. D. and T. Ward, the owners of the mill, and G. Brown, a white man, and Simon Kirkpatrick, a negro, were instantly killed. Virgil Bundley was fatally hurt. George Ward, another son of J. D. Ward had both legs broken and will probably die, and his brother, William Ward, was severely burned.

Severe Storm in Texas.

Waco, Tex., May 17.—This city and immediate section was visited Sunday by a severe wind, rain and hail storm which caused much damage. Several buildings were blown from their foundations and others badly damaged. Sam Knox, a 12-year-old boy, crawled under his house to secure some little puppies and the wind blew the house from its foundations, killing him instantly. Several persons were injured. Crops in the path of the storm were completely ruined. Advices so far indicate that the worst of the storm was experienced in this neighborhood.

TRESTLE GAVE WAY UNDER THE TRAIN

PASSENGER COACHES GO DOWN AN EMBANKMENT.

The Floods Had Undermined the Supports of a Bridge Over Which a Santa Fe Train Passed Near Ardmore, I. T.—Many Persons Seriously Injured.

Ardmore, Ind. T., May 17.—The south-bound Atchison, Topeka & Santa Fe passenger train, No. 1, went through a trestle sixteen miles south of here at 5 o'clock Sunday morning and tumbled down a twenty-foot embankment.

Fifteen passengers and one of the train crew were injured, some of them fatally. No one was killed outright. The train consisted of six passenger coaches and one Pullman. All save the engine, express and baggage cars and the sleeper went through the trestle, which had been washed out by high water. Many of the passengers had to chop their way out of the coaches.

The seriously injured are: T. E. Sparks, Oakman, Ind. T.; injured in chest and back, probably fatally.

G. G. Crawford, Hurd, Ind. T.; elbow dislocated and right arm fractured.

W. L. Irwin, Kansas City; cut on the neck.

I. F. Hale, news agent, Fort Worth; bruised on hip and side.

J. M. Grider, express messenger; hurt internally; cannot live.

R. J. Crawford, Fox, Ind. T.; ankle sprained, badly cut and bruised.

W. M. Forbes, Lebanon; head, hand and arm cut and hip injured.

O. L. York, Palo Pinto, Texas; hip hurt.

J. F. Piper, Ladonia; head cut, shoulder dislocated.

The accident occurred near the town of Marietta. A heavy rainstorm, amounting almost to a waterspout, caused a sudden rise of all the small streams in that vicinity. The scene of the accident was a point where a deep, narrow gulch was spanned by a wooden trestle. The foundation work supporting this trestle was undermined by the sudden rise of the little stream which flows through the gulch, and the trestle went down under the heavy weight of the train. So great was the speed of the train, however, that the engine and tender, the express, mail, and baggage cars, and one passenger coach passed over the narrow chasm, though the trucks of several of these cars went to the bottom, twenty feet below. The coach next to the last, the one immediately in front of the Pullman, was left standing directly over the chasm, one end resting on each bank of the gulch. The Pullman remained on the track.

The coaches which were dragged by the locomotive across the broken trestle were badly wrecked. The baggage car telescoped with the passenger coach, which was the smoker, and the latter was all but demolished. The most of the injured were riding on these coaches.

The injured were brought to Ardmore on a wrecking train sent out from here. At 6 o'clock in the evening a track had been built around the wreck and the belated passengers resumed their journey, except those seriously injured, who are being cared for here at the Windsor hotel.

To Meet at Nashville.

Nashville, Tenn., May 17.—The thirteenth annual convention of the National Association of Officials of Bureaus of Labor Statistics will be held in this city May 19, 20 and 21 at the state capitol. Carroll D. Wright of Washington will preside. Governor Robert L. Taylor will deliver an address of welcome and President Wright will respond.

Confident of an Advance.

Pittsburg, Pa., May 17.—The executive board of the Window Glass Workers' Association has counted the votes on the resolution to equalize wages that was sent out to the trade two weeks ago. It was found that the resolution has been adopted by a good vote. President Simon Burns is confident an advance will be secured by the workers for the next fire.

In Honor of O'Connell.

Genoa, May 17.—Sunday a bronze medallion in memory of Daniel O'Connell, the celebrated Irish patriot and orator, was unveiled in the facade of the Palazzo de Asarta, where he died on May 15, 1847. The unveiling was preceded by a solemn mass and procession in the cathedral of San Siro, the most ancient Christian foundation in Genoa.

River Is Now Stationary.

Chamberlain, S. D., May 17.—The rise in the Missouri river has up to Sunday evening reached a total of two feet nine inches and is now about stationary. It is probably the preliminary to the so-called June rise, which usually commences about the 25th and which is this spring expected to be greater than for years.

Is High and Dry.

Knoxville, Iowa, May 17.—The recent floods have caused the Des Moines river to change its current at Pella, in this county, leaving the bridge high and dry. The current is now 297 feet beyond the north pier of the bridge and is sixteen feet deep in places.

WILL PASS THE GAS BILL

The Senate Looks With Favor on the Consolidation Measure.

Chicago, May 17.—Inside information from Springfield is to the effect that the gas consolidation bill will pass the senate without much opposition. The fight will be in the house and the measure may not meet with favor.

BIG PLANT STARTS UP AGAIN.

Lackawanna Steel Company Resumes Operations After Long Idleness.

Scranton, Pa., May 17.—The north and south mills of the Lackawanna Iron and Steel company resumed work this morning, after a prolonged idleness. The mills employ 3 500 men.

A MEMORIAL TO WASHINGTON.

Great Monument Unveiled by the President at Philadelphia.

Philadelphia, Pa., May 17.—President McKinley unveiled the George Washington monument Saturday in the presence of his cabinet and a great concourse of the people. Maj. William Wayne, president of the Society of the Cincinnati, who formally presented the monument to the city, traces his lineage straight to "Mad" Anthony, and William W. Porter, the orator of the day, is a grandson of David Rittenhouse Porter, twice governor of Pennsylvania, and a great-grandson of Gen. Andrew Porter, who was on Washington's staff in the revolution. Thus no historic interest was wanting to stimulate enthusiasm.

The actual unveiling ceremony was impressively simple. Bishop Whitaker opened with prayer, and Maj. Wayne followed with an appropriate address. Then came the unveiling by President McKinley and the resulting clamor, augmented by the national salute of twenty-one guns by the artillery and by the foreign and American war vessels in the Delaware. This concluded, President McKinley spoke briefly.

Grand Jury Indicts Bankers.

Chicago, May 17.—E. S. Dreyer is under indictment by the grand jury which has been considering his case during the last week. True bills to the number of fifteen were found against him and charge him with obtaining money under false pretenses, holding public funds from his successor in office, receiving deposits after insolvency, conspiracy and larceny. His partner, Robert Berger, is charged with the same crimes, save larceny in thirteen indictments and Carl Moll, ex-cashier of the National Bank of Illinois, is indicted for larceny. The jury expresses regret at its inability to punish others who are said to be equally culpable with the people indicted, but who escape because of the running of the statute of limitations. Suggestions are made as to a change in the existing laws, which the legislature is asked to remedy.

Special Session Not Needed.

Springfield, Ill., May 17.—The coming week in the House is likely to be fruitful of much legislation. As the end of the session approaches, there is a general scramble among members to have their bills taken up out of regular order and advanced on the calendar or passed, as the case may be. From now on no attempt will be made to follow the regular order. The time of the House will be devoted chiefly to special orders, or to consideration of bills taken up out of the regular order by unanimous consent, or under a suspension of the rules. The question of final adjournment is still unsettled. Gov. Tanner says there will be no special session for revenue revision.

A Madman's Bloody Work.

Philadelphia, Pa., May 17.—Frank Machemer, 19 years old, Sunday afternoon cut the throat of Mabel Kurtz, the 7-year-old daughter of Adolph Kurtz, in the cellar of the little girl's home. She was removed to the Samaritan hospital, and the physicians there say there is very little hope of saving her life. Machemer is in custody. He has for some time been confined in the Norristown hospital for the insane. He was brought to the home of his sister, a neighbor and acquaintance of the Kurtz family, for a holiday.

Chased to His Death.

Kingman, Ariz., May 17.—Ahvute, the Piute Indian, who has in the last three days murdered no less than ten white men, is dead. He met his fate at the hands of members of his own tribe, who were ordered by the miners in Eldorado canon to trail the murderer to death, the penalty for their failure to do so being fixed at the annihilation of every Piute the miners could reach.

Meets in Peoria To-Day.

Peoria, Ill., May 17.—The fifty-fourth annual meeting of the Congregational Association of Illinois is to be held here this week, beginning this evening. The services will be held in the First church. Over 400 delegates have already requested assignments. President Charles A. Blanchard of Wheaton college is the retiring moderator.

To Endow Three Chairs.

Baltimore, Md., May 17.—It is reported here that the Catholic university at Washington has received a legacy of \$150,000 from the estate of Mr. O'Brien of New Orleans. The money will be used to endow three chairs, to be selected by the authorities of the university.

POUCH IS FOUND IN A MILL POND

The Waukesha Murderer Ends His Life.

BODY WAS FLOATING IN THE WATER.

Bullet Hole in the Neck Shows That He Had Turned His Revolver On Himself Before Jumping In—Remains Are Fully Identified By the Authorities—Remains Thought to Have Laid There For Five Days—Search Is Ended.

Milwaukee, May 17.—[Special]—Pouch, who murdered Farmer Harris, and fatally wounded Mrs. Harris, Miss Vesbach the servant, and Nelson Machold the hired man, is dead.

The same revolver that sent the bullets into the bodies of his victims, served to end his own life.

In a mill pond near Prospect, Wis., the remains of the murderer were found today. Daniel Ward, while passing the pond, saw a body in the water.

He summoned help, and the remains were brought to shore. It was at once seen that the dead man was Pouch.

There was a bullet hole in the neck, showing that the murderer had shot himself.

The remains were fully identified by the Waukesha authorities.

It is thought that the remains had been in the water for five days.

Say Clark Was Murdered.

Milwaukee, Wis., May 17.—That N. B. Clark, the "tan bark king" of Michigan, came to his death here early Saturday morning at the hands of an assassin, and not through any act of his own, has been established to the satisfaction of the Masonic friends of the dead lumberman who interested themselves in the investigation of the case, and the theory of suicide has been practically abandoned. A rigid investigation will be made.

Wisconsin Crew Left Today.

Madison, Wis., May 17.—The University of Wisconsin boat crew left for New Haven today at noon to prepare for its race with Yale on May 29. No boat was taken, as a new shell is being built for the crew in the east.

Iowa Mines Closed Down.

Hurley, Wis., May 17.—The Cary and Superior iron mines are closed down for an indefinite period. No market for ore is the cause.

CHURCHMEN ARE TO MEET.

Southerners Coming North for the First Time in Their History.

Chicago, May 17.—Three hundred delegates to the general assembly of the Cumberland Presbyterian church will assemble in this city next Thursday morning. For the first time in its history this church has chosen a city as far north as Chicago for its general meeting place.

The Cumberland Presbyterian church is strongest in the south, especially in such states as Missouri, Kentucky, Tennessee, Texas and Alabama. It has also had a growth in the north of late years. There are about 16,000 members of the denomination in Illinois and probably 10,000 in Pennsylvania. Altogether the church has about 200,000 members and some 2,000 places of worship.

The denomination was organized in 1810, during the great religious revival which swept over the country at that time. It had its origin in what is known as the Cumberland presbytery of the Presbyterian church, hence the name "Cumberland Presbyterian." The followers of this denomination adopted the Westminster confession of faith, with the exception of the chapter on foreordination and the salvation of elect infants. Further, the denomination holds that Christ died in the same sense for all men, and that none are elect.

Movement for Postal Banks.

Chicago, May 17.—Chicago trade unionists took the initial step in the direction of securing postal-savings banks at the meeting of the Federation of Labor yesterday afternoon. A committee was appointed to draft a memorial to be sent to congress, asking that the national government establish such banks. It is the intention to have several thousand copies of the memorial printed, and these will be sent to the various labor organizations and to congressmen and senators who are known to be friendly to organized labor.

Bishop Allen Is Consecrated.

Baltimore, Md., May 17.—The Very Rev. Edward P. Allen, recently appointed bishop of Mobile, Ala., was consecrated at the cathedral here Sunday morning. Cardinal Gibbons, as consecrator and celebrant of pontifical mass, was assisted by Bishops Edward Fitzgerald of Little Rock, Ark.; Matthew Harkins of Providence, R. I.; the assistant priest being the Rev. Hugh Roe O'Donnell of Boston.

THE NEWS GATHERED IN THE CHURCHES

PROF. E. C. SMITH, OF BELOIT,
PREACHES.

Occupied the Pulpit at the Congregational Church, and Told of the Work of the Christian Colleges—Rev. V. E. Southworth On "The Perfect Life."

The
Congregational
Church.

PROFESSOR E. C. Smith occupied the pulpit of the Congregational church yesterday morning, and spoke on the work of the Christian college with special reference to Beloit. He treated first of the use of the Christian college as illustrated in the first American institution, Harvard. It was founded for the training of young men in piety, morality and learning. Its first financial assistance was 400 pounds from the state, to which John Harvard later added half his income and all his library. Harvard illustrates the three methods by which colleges are established and maintained. First the state institution, second that maintained by a single denomination, and third that supported by gifts of private individuals.

Beloit college was founded for "religion, morality and knowledge" in young men. It belongs to the third class of colleges, mentioned above. The founding of Beloit was coincident with the beginning of Wisconsin's life. It has been identified with and has contributed to its progress for fifty years. Professor Smith then mentioned the names of many well known men who have been connected with the work of Beloit through these years. He then spoke of the aim of the Christian college. It is not to supply information that colleges exist; it is not to furnish specialists. It is to lay the foundations for manhood, foundations which are necessary to the stability of all later life.

Professor Smith then gave another list of names illustrating the quality of manhood which Beloit college has furnished to the various professions and departments in life. He then referred to the financial condition of the college, saying that a rumor had been current that the work was to be curtailed. Against this he wished to enter an emphatic protest. Such a thought was altogether foreign to the plans of the faculty and trustees. At present, they are engaged in securing an endowment fund, which, when completed, will amply provide for the running expenses of the college. Pending the raising of the endowment, the college calls upon its friends to assist in its work. Of course the college might raise its tuition to the point where its current expenses would be met, but this would shut out the large body of self supporting young men, to educate whom is the central purpose of Beloit. The work of Beloit does not belong to the professors alone, but to the churches and indeed to all who are interested in the making of men.

In the evening the pastor spoke on "The Accepted Time."

The prayer meeting subject for Thursday evening at 7:30 o'clock will be "Our Daily Use of Christian Privilege and Motive."

Mr. Kowalski will meet the choir on Tuesday at 8 p. m.

REV. V. E. SOUTHWORTH;
"THE PERFECT LIFE."

Heard
At The Peoples'
Church.

REV. VICTOR E. Southworth preached on "The Perfect Life" at All Souls Church yesterday, and a goodly congregation was present. In the course of his address he said:

"While the perfect life is only a dream it is a comfort to know we are capable of such dreams. And nothing so much contributes to the perfection of one's life as the consciousness of imperfections to be outgrown and greater excellences to be reached. The really perfect life is the life which is more or less imperfect but in which the love of the perfect is supreme.

"If we could choose we would like to begin our life under the most wholesome conditions—we would want to be born of perfect parents, and be endowed with a physical constitution and a mental and moral predisposition of the very best. We would like such an early training as would advance us most rapidly in the direction of knowledge and the ability to use whatever special aptitude we might possess. We would want such friends as it would be a delight to trust, upon whose experience and judgment we could confidently rely.

"With a perfect birth, a perfect education, and perfect friends the way to a perfect life would be open. Everything else could be easily secured. The possibility of ruinous mistakes by which future success is so often prevented would be reduced to a minimum. We would not have to spend the second half of our life trying to rectify the first half. Misdirected effort would not waste so much of our energy and we would not become distrustful of ourselves.

"It is true that there are circumstances above which it is sometimes impossible for the most resolute soul to lift himself. There are entanglements from which we are never wholly extricated. The taint in the blood, the twist in the brain, the vicious tendency or taste are hard to master. The wrong lessons we learned, the bad habits we formed, the false standards we adopted in our youth leave their indelible disfigurement upon the mature life.

"Some things (for which we are

not to blame) stay by us to hamper and thwart our noblest ambitions. And really the perfect life, even the moderately and reasonably perfect life, calls for certain external advantages. Advantages which, nine out of ten human beings do not enjoy. Most of us are seriously handicapped by the lack of these necessary preliminaries to a successful life. We were robbed of our natural right to be well-born and wisely prepared for our future struggle.

"These externals are not in our power; and having been put at a disadvantage at the start, we never achieve the success which might otherwise have been ours. The thing to be desired as the acme of human culture is an all-round, well poised, perfectly balanced development, a harmonious cultivation of all the parts of human nature—the body, the mind, the emotions, the affections, the conscience, each in perfect counterpoise to the others. Did you ever see such a person? A man or woman whose whole nature was proportionately developed? Who was in no way deficient?

"Of course you never did. If ever such an individual lived on the earth it was either an accident or a miracle and so of course it must have been an accident. But nevertheless the perfect life would answer to this description; it would be a life in which between all its faculties and functions there was perfect balance; it would be 'the same mind in the sound body'; it would be heart, head and hands perfectly responsive to each other guided and guarded by a perfect judgment and conscience.

"Once in a while the horticulturist produces a perfect specimen of a rose, an apple, a vegetable of some kind—This perfect specimen is the product of nature guided by the trained reason of the gardener.

"But who has produced from this wild, tangled, weed-grown seed patch of human life a perfect product? Who can exhibit the human flower and fruit without defect? The thing has never been deliberately attempted? Nature has never received the skillful cooperation of the capable family-cultivator?"

"And so we are born incapacitated for the perfect life—sent into this world as the wild crab or the undomesticated grape or rose, without a sufficient preparation."

REV. MR. WHITCOMB;
"DAVID AND JONATHAN."

The
Court Street M. E.
Church.

REV. MR. WHITCOMB, principal of the Evansville College delivered two very excellent sermons at Court Street church yesterday. His text in the morning was "Behold the arrows are beyond thee" and had to do with the friendship of David and Jonathan. The speaker said that the flight of arrows are significant of spiritual truths, that are always supernatural and always lie beyond us.

The naturalist endeavors to reach them by natural causes, but nature is abnormal. The thistle comes out of the ground and is a blight to the soil. Disease attacks the body and the mind and sin makes sad havoc with the heart.

Righteousness and true holiness are beyond us unless comprehended by the sight of supernatural life.

Jesus found in Nicodemus a good man, a man who in our day would have passed for a respectable church member and possibly a preacher, and yet he lacked the one thing needful.

Nature frequently produces two classes of character in the same family, of which Ishmael and Isaac in Jacob's family are fair types. The one is gentle like the mother, the other selfish and grasping like the father. The new life, the supernatural, comes to these two boys and assimilates the character, making both Godlike. Culture and education, both good in their place, cannot accomplish this work which is beyond the natural.

The rough iron ore that goes into the furnace comes out malleable iron, and by another process this product is converted into burnished steel.

The work of grace transforms the human heart and in the final consummation we venture that the great possessions are beyond us without Divine aid.

Water is a powerful engine, but converted into steam its power is wonderfully increased.

The finished engine standing on the track is useless unless the steam is applied, and then it becomes a thing of life.

Supernatural energy makes a dead life active.

Mr. Whitcomb is a good thinker and a ready speaker.

TO RUN GEN. J. B. DOE FOR CITY ATTORNEY

MILWAUKEE FRIENDS ARE
ACTIVE, THEY SAY.

Evening Wisconsin Says He Is Being Groomed For the Race, and Will Have Editor Nieman, Gold Democrat For a Running Mate—Plan to Bridge Political Chasm.

"Joseph B. Doe," says The Milwaukee Evening Wisconsin, in an editorial, "is one of the prominent democratic politicians of Wisconsin. He has been adjutant-general of the state, and by the grace of God and by the will of Grover Cleveland and Senator Vilas, assistant secretary of war. On the accession of President McKinley he was retired from that position, covered with such unfading laurels that he is known all over the country. General Doe has taken up his residence in Milwaukee, and is a member of the legal fraternity, and his future is a matter of concern to his personal friends both in the city and in the state. What is to become of this distinguished favorite of the Wisconsin Democracy is the problem of the hour.

"Those who have studied the courses of the stars have come to the conclusion that Gen. Doe will be the candidate of the democratic party at the next municipal election for the office of city attorney. His principal opponents may be Frank P. Van Valkenburgh and Rublee A. Cole. The partisans of Gen. Doe consider these persons of little account as Frank Van Valkenburgh was not long since a republican, and Rublee A. Cole is principally known as a gentlemanly politician.

L. W. Nieman in It.

"If the friends of General Doe succeed in placing him on the ticket for city attorney, the same political syndicate have concluded that for his colleague as city treasurer he should have his personal admirer and confidant, Lute W. Nieman. It is believed that these two persons would make a strong political combination, inasmuch as Doe was a supporter of Bryan for the presidency and accepted all his doctrines of free silver lunacy, whereas Mr. Nieman halted and concluded it was best to keep one leg in the gold standard camp. Thus the leaders to unite on Doe and Nieman the mismembered and fragmentary democratic party. The chief opponent of Nieman for the treasuryship may be Robert Schilling, whose notions of finance are extraordinary, but whose methods are not considered dissimilar to those of Nieman.

"The campaign will naturally commence early, because it will require an infinite amount of talking, wrangling and discussion to prove to the democratic masses that Doe and Nieman are the very best men for the offices proposed and that their election would shed luster and additional renown upon the democratic party of Milwaukee."

SUGAR BEET CULTURE IN ROCK

Dean W. A. Henry is Anxious to Have Experiments Made Here.

Efforts are now being made by Dean W. A. Henry of the State University to establish sugar beet culture in Rock county. The work this summer will be experimental and Prof. Henry is anxious to hear at once from some farmer who will grow half an acre of sugar beets this summer. He says in his letter:

"We will furnish the seed free of charge, will arrange for the transportation of the sample beets in the fall without cost and will give due credit in our published report of the season's work. In return we would want the grower to grow the beets according to our directions, to keep an accurate account of the work expended in growing the beets, and to send us two samples of three beets each in the fall, as directed.

"In this investigation no particular kind of soil is wanted; any will do that is of uniform character and will be taken proper care of. In growing the beets as suggested, farmers will not only forward the interests of their locality in assisting in the study of its adaptability for sugar beet culture, but will most likely have six to ten tons of beets which will make a first class stock food, worth more than all the labor and trouble in growing them."

SOME STATE HAPPENINGS.

RACINE has put in a bid for the intermediate prison reformatory.

The Waupun base ball nine wear the regulation prison garb of the convicts.

The Madison death rate in 1896 was one in 100, deaths 170, births 250, marriages 182.

DELAYS ARE COSTLY.

Two important points about the Dingley tariff bill have been brought out by recent debates. One is the bill's value as a purely fiscal measure. The other is the effect that delay in its passage would have on national revenue. As to the first point, it is declared by Mr. Dingley that out of the five hundred changes which the senate talks of making in the house bill the proposed duties on tea and hides and the increase of the taxes on beer, tobacco and cigarettes are the only provisions that would bring in more revenue than would accrue from the house bill. The other proposed changes—which include the placing on the free list of a few articles made dutiable by the house measure, the increase of the duties on opium and some other products and the alteration of the sugar schedule—he believes would make the revenue less than the house measure would provide.

The ill-effects on the revenue of delay in the enactment of the bill is of manifest importance. The longer the bill is before congress the greater will be the importation of wool, woollen goods, tea, sugar and the other articles removed from the free list on to the dutiable schedules, or on which duties are to be advanced. If the bill does not go into operation until August or September the importation of some of these articles may be great enough in the interval to furnish a supply for a year or more in advance, and thus cut the revenues of the new act correspondingly. The way in which the sugar trust in 1894 got ahead of the framers of the Wilson bill when that measure took raw sugar from the free list and put a duty upon it is well remembered and should furnish suggestions to the senate.

Gentlemen who are yelling themselves hoarse over their objections to the tariff bill would save their breath by waiting until that measure is completed.

No section of the country is slighting President McKinley by neglecting to invite him to visit it.

Any tariff bill must necessarily be better than the one the country is now staggering under.

Slain by His Brother.

Dayton, Ohio, May 17.—Clarence Wolff, aged 19, shot and mortally wounded his brother George, whom he mistook for a burglar, at a late hour Saturday night. George had left the room for some cause, and returned cautiously so as not to arouse his brother, and was in the doorway when Clarence awoke. Seeing the form of a man and supposing him to be a burglar, Clarence took from beneath his pillow a revolver and fired. The brother fell dying.

Reduced Ten Per Cent.

Youngstown, O., May 17.—The Union Iron and Steel Company has posted notices at its mills here that, taking effect today, wages of all employees not employed by amalgamated scale will be reduced 10 per cent. The company also operates rolling mills at Girard, Warren and Pomeroy, O. It is reported that all rolling mills in the Mahoning valley will take the same action, but mill owners deny that they have decided to do so.

GRAND LODGE B'NAI B'RITH.

Twenty-ninth Annual Convention of District No. 6 Begins.

Chicago, May 17.—Some seventy representatives from forty-one lodges of the Independent Order of B'nai B'rith gathered in the lodge rooms of the local order yesterday forenoon for the twenty-ninth annual convention of District No. 6, Grand Lodge. The district comprises the states of Illinois, Michigan, Wisconsin, Minnesota, Iowa and Nebraska.

Reports showed the order to be flourishing financially, but the gain in membership has not been so large as last year. The principal philanthropic institution of this district is the Cleveland Jewish Orphan Asylum, which takes care of 500 orphans.

The treasurer's report showed a disbursement of \$2,564 for the last year, leaving \$683 in the treasury.

At the afternoon session officers were elected. S. Lubliner was chosen president.

Catholic Knights Elect Officers.

Mobile, Ala., May 17.—The Council of Catholic Knights adjourned at 1:45 a. m. Sunday. Supreme officers were elected as follows: Edward Feeney, Brooklyn, N. Y., president; Charles Ott, Galveston, Texas, vice-president; Richard Walsh, St. Louis, Mo., secretary; Girard Reiter, Vincennes, Ind., treasurer; W. C. Smith, Louisville, Ky., trustee for six years. Kansas City was selected for the next meeting place of the council.

Demonstration a Big Success.

Elwood, Ind., May 17.—The gas belt glassworkers held their big demonstration here Sunday, and it was a most successful one. The meeting was addressed by D. F. Kennedy of the A. F. of L. of Indianapolis and M. B. McCarthy of Toledo. The parade was a monster one and was made up of delegations from all the different gas belt cities. The meeting adjourned to be held at Marion the last of June for the last time this year.

Police Prevent Sunday Ball.

Cleveland, O., May 17.—The police made good their promise to prevent Sunday base ball in Cleveland if an attempt was made to play. At the end of the first inning between the Cleveland and Washington teams all the players on both sides and Umpire Tim Hurst were arrested and taken to the central police station, where President Robison gave bail for the prisoners and they were released.

Decide to Make Demands.

Pittsburg, Pa., May 17.—The scale committee of the Amalgamated Association of Iron and Steel Workers has decided to demand of the manufacturers an advance in the wages of tin plate workers and an advance in the pudding rate. There will also be a number of demands of minor importance made.

CATARRH OF THE STOMACH.

A Pleasant, Simple, But Safe and Effectual Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing; headaches, fickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanston the safest and best treatment is to use after each meal a tablet, composed of Dipsan, Aspartic Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. N. J. Booher, of 2710 Dearborn St., Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for little book, mailed free, on stomach troubles, by addressing Stuart Co., Marshall, Mich. The tablets can be found at all drug stores.

SPENT A HAPPY DAY IN HIS JAIL CELL

STEPHEN TERRILL WAS QUITE
BUOYANT.

Jury Could Not Decide For Some Time, Whether or Not He Had a "Premeditated Design to Kill." It Is Said—Ballots Reported to Have Covered All Degrees of Murder.

In spite of the fact that Stephen Terrill was behind iron-barred doors and windows in the Rock county jail, yesterday was the happiest day that he has spent since March 17, 1894.

But a few weeks ago he was doomed to a living death, while today he has the prospect of liberty in but a few short years.

The jury, after meditating over the case for nearly ten hours, brought in a verdict of manslaughter in the second degree. This means that Terrill will serve from four to seven years in prison.

A 9:20 o'clock Saturday evening the jury sent in word that they were ready to render their verdict. Sheriff Acheson was dispatched to notify Judge Bennett, and Clerk Theodore W. Goldin was routed out of bed; while Terrill was notified.

Prisoner Was Agitated.

In charge of Turnkey Brown the defendant was taken to the court house to learn his fate. All the way through the park he shook like a leaf and was so nervous that he had to be assisted up the steps. Here he met his mother, and together they entered the court room and took seats but a few feet from the jury box. Judge Bennett then read the verdict of the jury, and as he slowly perused the first few words, Terrill, as well as his aged mother, held their breath. When the words "manslaughter in the second degree" fell from the lips of the judge a faint smile spread over the prisoner's face and his mother grasped his right hand and kissed him on the cheek. His counsel, Attorney Spenseley, congratulated the prisoner and in charge of Sheriff Acheson and Turnkey Brown he was taken back to jail.

How the Jury Voted.

The jury, soon after retiring, chose Charles E. Church as their foreman. Just what happened in the jury room, is of course, unknown, but it is said that the problem that the jury debated for ten hours, was "premeditated desire to kill."

It was on this point alone, it is said, that they battled with ballots. On the first ballot there were but two whose vote indicated that they were in favor of conviction of manslaughter in the second degree, it is said, while other ballots ranged through the different degrees of both manslaughter and murder. The ballots are said to have indicated that some were in favor of convicting in the second and third degrees of murder, and it was not until dark that the degree of manslaughter was settled upon.

Sentenced Him This Afternoon.

Terrill was seen at the jail yesterday by a Gazette representative. He had little to say about the case, other than that he wanted as little notoriety as possible.

Attorney Spenseley said that he would soon make an application for the prisoner's pardon. He has asked District Attorney Levi Pollard who presented the case if he will not head the petition.

District Attorney Pollard said that he expected the prisoner would at least get a twenty year sentence.

Sheriff Acheson expects to take Terrill to Waupun tomorrow.

Judge Bennett will sentence Terrill between 5 and 6 o'clock this afternoon.

TO ATTEND Y. M. C. A. MEETING

Janesville Delegation Will Take Part in Session at Brodhead.

A good sized delegation of Y. M. C. A. workers with Secretary J. F. Judin, will leave on May 21 for Brodhead where they will attend a three days' meeting of the Janesville district. Attorney A. E. Matheson will be one of the speakers, while it is expected that the Y. M. C. A. band will take part.

THE VALLEY OF THE SHADOW.

Funeral of L. B. Cutting.

The funeral of L. B. Cutting was held at Oak Hill cemetery Saturday evening. The remains arrived in Janesville at 6 o'clock from St. Joseph, Mo., and were met at the St. Paul depot by a delegation of relatives and friends and members of Janesville City Lodge, No. 90, I. O. O. F. The remains were taken directly to Oak Hill cemetery, where brief services were conducted by Rev. Robert C. Denison, pastor of the Congregational church. The burial was in accordance with the ritual of the Odd Fellows. The pall bearers were Wm. Burchell, J. W. Hodgdon, S. B. Kenyon, J. L. Davey, Jerome Howland and Alderman Walter Rice.

Mrs. Marie C. Harvey.

After an illness of but a few days, Mrs. Marie C. Harvey, wife of Adolph Harvey, died yesterday afternoon at their Palm street home, the cause of her demise being pneumonia. Besides a devoted husband seven children—the youngest a child of but a week old—are left to mourn her loss. Mrs. Harvey was forty years old and was born in Larwick, Norway. She has resided in Janesville a number of years and was loved and respected by all who knew her. Funeral arrangements have not yet been completed.

SHE TOLD HER STORY AS SHE LAY IN BED

COURT, JURY AND ATTORNEYS
VISIT MRS. SELLECK.

Damage Suit Is Now on Trial, and the Defendant Testifies at Her Home in the Town of Union—The Case Will Be Taken Up Again Tomorrow.

A jury of twelve men in charge of Deputy Sheriff J. L. Bear, together with Judge John R. Bennett, Court Stenographer A. L. Kalslege and Attorneys McElroy, Ruger, Jeffris, Norcross and Mount were this afternoon, at the bedside of Mrs. Mary E. Selleck at her home in the town of Union, for the purpose of taking her deposition in the damage suit against the city of Janesville. The jury is composed of the following men: George H. Davey, Urban Gleason, David Conger, H. A. Finch, Homer Paul, A. H. Taylor, Edwin Hubbell Charles S. Boynton, Simon Simmons, Leonard Williams, Adam Thorburn and F. H. Gifford.

For the plaintiff Attorneys Fethers, Jeffris, Kiefield and Mount are appearing, while City Attorney McElroy is being assisted by Ruger & Norcross.

Will Be a Hard Fight.

There is little doubt but that the case will be hard fought. City Attorney McElroy intends to contest it inch by inch, while the attorneys for the plaintiff are also active.

In the circuit court this morning the attorneys for the city objected to taking the jury to Evansville and then to Mrs. Selleck's home, but the court ruled on the point, and the jury visited Mrs. Selleck this afternoon and heard her story as she lay in bed, while Court Stenographer Kavelage took her statement in shorthand.

The jury will return this evening and it is expected that the case will be taken up again tomorrow morning.

In the case of Gideon Thompson vs William Sickert et al the court ordered that the plaintiff have judgment for \$302.64 damages, \$25 solicitors fees and costs taxed at \$40.68 together with an order for foreclosure sale.

CHICAGO MARKETS BY WIRE

Robert Lindholm's Letter On the Condition of Crops and Trade.

Chicago, May 17.—[Special]—Liverpool responded to our weakness of Saturday and then we broke because Liverpool was weak and so the English chain may go on forever. London which is a cash wheat market was firm. Conclude dropped a few points and foreign stocks were easier on probable complications in regard to Turkey. There is good ground now for serious trouble over there, and I hope they will get lots of it. The visible supply decreased 2,125,000, which is very large. Every point where there is any wheat shows a decrease. As soon as a cargo reaches and it disappears and at the present rate our visible supply will all be gone before the wheat comes in and it will be a good deal higher than it is now if we have to sweep our bins, you can bet on that. South Dakota complains of dry, hot weather and it should not be sneered at altogether. Some Minneapolis mills are going to close up but it is due in a measure to the difficulty of getting wheat. Cash wheat is commanding a big premium and country elevators are being emptied but for all that, wheat is very hard to get hold of. Charters for over half a million bushels of wheat have been made here. Our total stock is 7,000,000, and at our present rate of decrease, we will have no wheat at all by the middle of July, and wheat should be higher. The situation is very strong, indeed, and we have advised buying wheat. Provisions have ruled very weak. ROBERT LINDHOLM.

THE CYCLERS AWAIT COUNCIL'S ACTION

CHANGE IN ORDINANCE TO BE MADE.

The Amendment That Will Make the Bell Clause Ironclad Is Said to Be Ready For Submission at Tonight's Meeting—Anti-Lamp Workers Call on the Aldermen.

Cyclers are anxiously awaiting the action of the common council in the bicycle ordinance. It is said that the new regulations will be enacted at tonight's meeting, and that all defects in the present ordinance will be remedied. Several of the aldermen have been acquainted with the claims of the riders who do not favor the lamp regulations, but whether or not anything has been accomplished, remains to be seen. City attorney McElroy could not be seen this morning, he having gone to Evansville with the court officers and the jury in the Selleck case, but it is said that the changes in the ordinances have been mapped out, and are ready for presentation. It is very doubtful if the council does more than repeal the bell clause in the old ordinance, and adopt the new clause prepared to take its place.

Unless the bicycle ordinance comes up, and some of the wheelmen appear to protest against it, tonight's session will probably be a dull one, as no matters of importance, outside of the regular routine, are scheduled to come up.

SOLDIERS GO TO STOUGHTON.

Norway's Independence Day is Celebrated By a Military Carnival.

A train of nine coaches containing members of the Monroe, Darlington, Beloit and Janesville militia companies left the city this morning for Stoughton, where they will participate in a military parade and picnic given in honor of Norway's independence. Among the Janesville soldiers who went were Captain Hanson, Dell Cannon, Elmer Pearl, Charles Caniff, Benjamin Brown, Fred Church, Burt Hill, Jesse Dixon, Claude Inman and John Milligan. This afternoon fifteen more men in command of Quartermaster Edwin Lee left for Stoughton.

PREVAILING COLORS.

Gray For the Slender—Red, Black and Violet.

For formal and elaborate gowns gray is the newest fancy, from the whitish silvery tone to the gray mixed with blue, yellow or pale green. In silk and wool there are charming effects to be found. Gray is the color preferred by slender and elegant women as being delicate and refined, the most pleasing shades being found only in expensive goods.

Red trimmed with black is in great vogue. All tones of red are worn, the most pleasing and most fashionable being the brightest. Gowns of thin red material are made over black, with trimmings of black galloon and a black belt, or, if of thicker red goods, they have decorations of black gauze ribbon or plaiting of black mousseline de soie.

Violet in all shades is very fashionable, but in whole costumes it is reserved for elegant wear. It is trimmed with black, white or a deeper tone of violet. These violet tints have a considerable range, some being pinkish, others verging on blue.

After violet come the real blues—indigo, navy, royal and bluet blues—which

compose some very pretty toilets. The various shades are combined in the trimming, or the decoration is black, white or plaid.

Next come greens in the utmost variety. The emerald green is most worn in dark tones, while stem and celadon tints are preferred in the light ones.

A picture is given of a costume of silver gray bengaline. The foot of the skirt is bordered with three large folds, and the skirt itself forms three godets at the back. The bodice has a blouse front and is draped obliquely before and behind, the drapery forming puffs at the top of the sleeves. The yoke and sleeves are of cream richelieu embroidery over gray silk, and the folded belt is of white satin. The hat of Nile green straw is trimmed with Nile green ribbon and bunches of Parma violets with green reeds. JUDIE CHOLLET.

PARASOLS AND UMBRELLAS.

Dainty Creations of Lace and Embroidery. A Tailor Made Costume.

The parasols of the season are something fearful and wonderful in their elaboration. I do not refer to the rank and file of inexpensive or moderately costly ones, but to those that illustrate the extreme of the mode. One of white silk or satin, for instance, is completely covered with puffings of white gauze, held down by radiating stripes of narrow black velvet ribbon. The edge is surrounded by a double flounce bordered with black velvet ribbon, a ruche of gauze and a black velvet bow ornamenting the top. There are also gauze parasols trimmed with flowers, violets being the favorites.

Parasols covered with ruffles of gauze are among the season's novelties. These ruffles are often edged with narrow ribbon. Scarlet sun umbrellas bid fair to enjoy a large share of popularity, and they are certainly exceedingly picturesque for

TAILOR MADE COSTUME.

seaside and mountain use. Parasols of black, figured grenadine over colored linings are very pretty and effective, especially when finished with fine plaitings of black mousseline de soie.

A picture is given of a tailor made costume of almond cloth of light weight. The tablier of the plain skirt is outlined by stitched straps, which also finish the foot all around. There are large pearl buttons at each side of the top. The short, loose sack is quite plain and is double breasted, with large revers, the only ornamentation being stitched straps and large pearl buttons. Under the sack is worn a shirt waist of blue and gold changeable silk, with a white linen collar. The hat of golden brown straw is trimmed with butters and has an egret of blue. JUDIE CHOLLET.

A Conservative Opinion.

The young man had not been given a part on the stage, but at a point in the performance where a song was desired he was permitted to stand in the wings and carol.

"What did they think of me as a singer?" he anxiously asked of a friend. "Did you hear any comments?"

"Why-er-yes. They said you were out of sight."—Washington Star.

A Cheerful Prospect.

"I did not expect you would shed tears because I'm going to take your daughter away," said the bridegroom elect.

"It is for you that I'm weeping, young man," said the old gentleman, as he carelessly thumbed the stubs of his check book.—Detroit Free Press.

An Indication.

"Has your son taken up the higher mathematics?" inquired the friend. "I don't know for sure," replied the father, who was looking over a number of bills; "anyhow, he's getting a great deal more familiar with figures than he used to be."—Washington Star.

Traveling is Extra-Hazardous

If the tourist is unprovided with some medicinal resource. Changes of temperature, food and water of an unaccustomed or unwholesome quality, and a route that lies in the tropics or other regions where malaria exists, are each and all fraught with danger to one who has been improvident enough to neglect a remedial safeguard. The concurrent testimony of many voyagers by land and establishes the fact that Hostetter's Stomach Bitters enables those who use it to encounter hazards of the nature referred to with impunity; and that, as a medicine adapted to sudden and unexpected exigencies, it is peculiarly valuable. Disorders of the liver, the bowels and the stomach, fever and ague, rheumatism and nervous ailments, brought on by exposure, are among the maladies to which emigrants, travelers and new settlers are most subject. These and others yield to the action of the Bitters promptly and completely.

office for 20 years, he is widely known. He has been for many years the recognized Republican leader in Arkansas and has represented that state in the United States senate as well as served in the capacity of governor. He is the senior member in point of service on the Republican national committee and has been a conspicuous figure at every national convention since the one at which Grant was first nominated.

bility will be feted and banqueted and received, and on one day the great British public will be entertained. This day is to be devoted to a royal procession. Queen Victoria will leave the seclusion of Buckingham palace, and, attended by all the members of her big family, followed by high officials and guarded by 25,000 of England's crack soldiers, she will ride six miles through the streets to offer thanksgivings in St. Paul's cathedral.

He Writes Shocking Novels.

Gabriel d'Annunzio, the young Italian author whose late novel, "The Triumph of Death," has created such a

sensation, is barely 30. He was born in a little village on the Adriatic and began writing verses at 15. They were very erotic verses, too, but they attracted much attention, and he wrote some more, worse than the first. This made him a literary hero. Then he wrote a novel. It was popularly received and translated into French. Even Paris was shocked, but d'Annunzio's book sold like hot cakes. "The Triumph of Death," his first novel to be published in English, resulted in the arrest of the American publishers, but the courts refused to suppress the book.

A General For a Month.

General Frank Wheaton, who recently attained the rank of major general, had the unusually brief period of a little over one month to serve before being retired on account of age. His career has been one of the longest and most active of any on the army list. For more than

45 years he has been under arms in the government service, and during that time he has fought Indians as well as civilized troops. General Wheaton is a native of Rhode Island and comes of fighting stock. He was commissioned a lieutenant in 1855.

One on Albert.

"By the way, Jennie, how did you like the dog show?"

"Oh, Albert, wasn't it too lovely for anything? There was one dog there that had such a human face. I did admire that dog."

"Indeed, did he look anything like me?"

"No, not a bit. It had too much character in his countenance."

Then Albert reached for his hat.—Tammany Times.

Too Much Stuck Up.

Miss Upperton (daughter of a rich manufacturer)—Pardon me, miss, but I have not the honor of your acquaintance.

Miss Lowerten (who does not intend to be put down in that style)—I thought you had, at one time; but never mind. Perhaps if my father owned a big muckilage factory like your father's, I'd be stuck up, too.—N. Y. Weekly.

If the Baby Is Cutting Teeth.

Be sure and use that old and well tried remedy Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind, colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Some for ten, some for twenty, some for thirty years have suffered from piles and then have been quickly and permanently cured by using De Witt's Witch Hazel Salve, the great remedy for piles and all forms of skin diseases. C. D. Stevens.

Military Picnic at Stoughton—Excursion Rates.

The Janesville Light Infantry will participate in a military picnic at Stoughton on Monday, May 17. Excursion rate of a fare and a third for the round trip is open to the general public. Tickets are good for return until and including May 18. Arrangements for return by special train on Monday night are pending.

Sick headache can be quickly and completely overcome by using those famous little pills known as "The Little Early Risers." C. D. Stevens.

Very Low Rates to the West and South

On May 4 and 18, the North-Western Line will sell Home Seekers' excursion tickets, with favorable time limits, to numerous points in the West and South at exceptionally low rates. For tickets and full information apply to agents Chicago & North-Western Railway.

Full information furnished on application to ticket agents C. & N. W. Ry.

Not only piles of the very worst

kind can be cured by De Witt's Witch Hazel Salve, but eczema, scalds, burns, bruises, boils, ulcers and all other skin troubles can be instantly relieved by the same remedy. C. D. Stevens.

The Westfield (Ind.) News prints the following in regard to an old resident of that place: "Frank McAvey, for many in the employ of the L. N. A. & C. Ry. here, says: 'I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for ten years or longer—an ever with it in my family. I consider it the best remedy of the kind manufactured. I take pleasure in recommending it.' It is a specific for all bowel disorders. For sale at C. D. Stevens' pharmacy, corner Main and Milwaukee.

The Best Remedy for Rheumatism.

From the Fairhaven (N. Y.) Register. Mr. James Rowland of this village, states that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. He says that no medicine which she had used ever did her as much good. The 25 and 50 cent for sale at C. D. Stevens' pharmacy, Cor. Main and Milwaukee.

["It is the Best on Earth."]

That is what Edwards & Parker, merchants of Plains, Ga., say of Chamberlain's Pain Balm for rheumatism, lame back, deep seated and muscular pains. Sold at C. D. Stevens' pharmacy, corner Main and Milwaukee.

Notice to Contractors.

Sealed proposals will be received by the undersigned city clerk of the city of Janesville until May 17th, 1897, at 8 o'clock p. m., for furnishing the city with lumber, sewer pipe and cedar blocks for the ensuing year, ending April 19th, 1898.

such lumber, sewer pipe or cedar blocks or either of them, to be delivered, free of charge for delivery, at any point or points within the limits of said city which may be designated by the street commissioner.

1. No. 1 common pine lumber free from rot, sap or shakes, 12, 14 and 16 feet long; each bid to state the additional price per thousand feet for lumber longer than sixteen feet.

2. Sewer pipe, first quality, vitrified, salt glazed inside and outside pipe, 10, 12, 15 and 18 inches in diameter, inside measure. All curves or other fittings required by the city, to be furnished by the successful bidder at the same price as such bidder offers the above mentioned sizes at.

3. Cedar blocks to be sawed from good, sound, five cedar posts of from four to ten inches in diameter free from bark, rot or other defects, and shall be uniformly six inches long.

The council reserves the right to reject any and all bids.

The Sunshine State
Is the title of a generously illustrated pamphlet of sixteen pages in reference to South Dakota, the reading matter in which was written by an enthusiastic South Dakota lady—Mrs. Stella Hosmer Arnold—who has been a resident of the Sunshine State for over ten years. A copy will be mailed to the address of any farmer or farmer's wife, if sent at once to Geo. H. Heafford, General Passenger Agent, Chicago, Milwaukee & St. Paul railway, Chicago, Ill.

South Dakota in Springtime
Is clothed with verdure green and spotted with beautiful blue and white prairie flowers tokens of luxuriant soil like that fair country to which Moses led the children of Israel in ancient times.

And like unto that land of plenty, South Dakota outlives its sister states of the east in the products of its soil, sown, cultivated and harvested in less time and with greater ease than in any other portion of the United States.

And so we say unto you that now is the opportunity of a lifetime to "Go west and buy a farm." For descriptive lists and prices, address Geo. H. Heafford, G. P. A., Chicago, Ill.

The Sale Takes Hold.

People are beginning to appreciate our sale of high grade spring shoes and are buying them freely. A good bargain for you is certainly a gain for us and there are bargains innumerable throughout the entire stock. A saving of a considerable amount is made possible on every purchase. Ladies should remember this fact when buying their footwear. Richardson.

Opportunity For Home-Seekers.

There are excellent opportunities along the line of the Chicago & Northwestern R'y in Western Minnesota and South Dakota for those who are desirous of obtaining first class lands upon most favorable terms for general agricultural purposes, as well as stock raising and dairying. For particulars and landseekers' rates, apply to agents of the Northwestern line.

Additional Home-Seekers' Excursions.

In addition to the other Home-Seekers excursion dates already published, the Chicago, Milwaukee & St. Paul Railway will sell round trip excursion tickets on May 4th and 18th, at half fare to all points mentioned in previous notices in this paper.

May Days are Busy Days Here.

Never has our trade been better than this season, and people keep on coming and buying in a way that indicates they appreciate our values.

We have endeavored to show a more complete and desirable stock of general dry goods than ever before, and the business we are doing leads us to believe we have succeeded. Also that have not only beat our own record, but that of our competitors as well. In some departments the values we offer are nothing short of surprising; especially is this true of Wash Goods, light weight Underwear, Hosiery, Shirt Waists, &c.

It is values like these that turn the trade tide our way:

Lined leather Belts in the new tans and greens, monkey skin, also seal leather—25c.

The latest Chatelain Purse, with chain, in brown, tan and green, new shape, gilt frame—50c.

Pure Milanese Silk Mitts, with inserted glove thumb, black only—19c.

Ladies' derby ribbed Vest, silk stitched, with satin ribbon at neck, pearl buttons, either half sleeve or long sleeve—19c.

Ladies' black cotton Hosi-

ery, with white foot, superior quality; also the new tan shades and oxblood reds—25c.

Another shipment of the Golf Cape Mackintoshes—navy blues or brown; hood is detachable and is lined with plaid silk; garments are double texture and are cut full sweep. Same price as before—\$5.

Women's Dresses. We never sold dresses so well.

We never sold so many. It is safe to say that equal tailoring done to your order would cost more than we ask for the suit—in eight cases out of ten. There is a chicness about these tailored outfits that appeals to careful dressers. Prices range from \$5 to \$15 for just such nobby suits as you have noticed in our window and worn by our customers. We make alterations free and guarantee the fitting.
